1. [ ] Comment: 200 more tons are indicated in the supply total than the distribution total for 1951 cement, which difference is possibly a typographical error. 25X1

2. [ ] Comment: [ ] it is hoped to increase the amount, if not the quality, of cement production in 1952 by the reconstruction of those parts of the plant in Rudersdorf that were previously dismantled and sent to the USSR. The parts are scheduled to be returned early this year. A new cement plant for processing slag is also planned in Furstenberg for this year. ( [ ] Comment: Possibly the Kalksteinwerke in Rudersdorf is indicated.) 25X1

3. [ ] Comment: Figures as received, possibly should read 15,000. 25X1
